

Quality, Strength & Service

Factory Direct

Factory Direct Huge Savings

Our buildings are manufactured entirely in the United States with a 40-year steel mill backed warranty.

Olympia is recognized as one of the industry leaders in providing superior quality, service and durability at low prices.

If you need to build a simple garage or workshop, a warehouse, an industrial or commercial complex, a shelter for grain and livestock, an airplane hanger, a horse riding arena or even a worship space or family center, the skilled professionals at Olympia can make it happen at the best available price.

Olympia Steel Buildings are used in a variety of ways. View our most popular building designs on the following pages. Call today and have our expert building consultants design your custom building, suitable for almost any application you can dream of.

Commercial

Olympia's expert building consultants will recommend the perfect building for your needs. It doesn't matter if you need a building for a small retail store or a giant office complex for a Fortune 500 Company.

The factory's engineers can design a building of any size suitable for any need imaginable. These buildings are virtually maintenance-free and built to withstand the worst that Mother Nature has to offer.

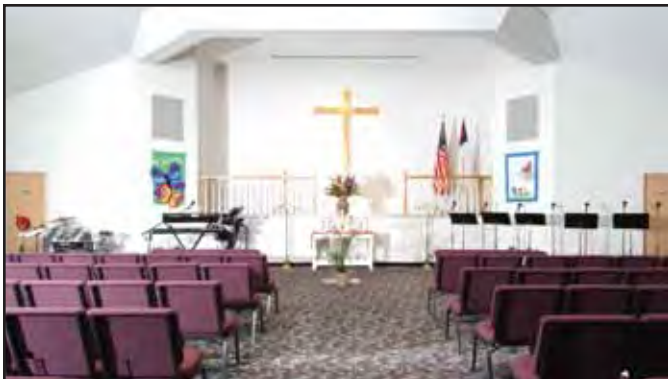

TRUSTED SOLUTIONS

Churches

If your congregation needs a new worship space, family center, gymnasium or classrooms, Olympia can custom design the building to meet your needs. In addition, Olympia's strict quality control department ensures that all buildings meet or surpass local building codes.

Warehousing

Olympia is the solution to your warehousing woes. Our buildings save you time and money by reducing traditional construction time associated with brick, wood or block structures. Each building is fully customizable with a variety of ceiling lights, windows, insulation, doors and more.

TRUSTED SOLUTIONS

Garages

Keeping your car or truck sheltered from damaging rain, snow and sun has never been so easy and cost effective.

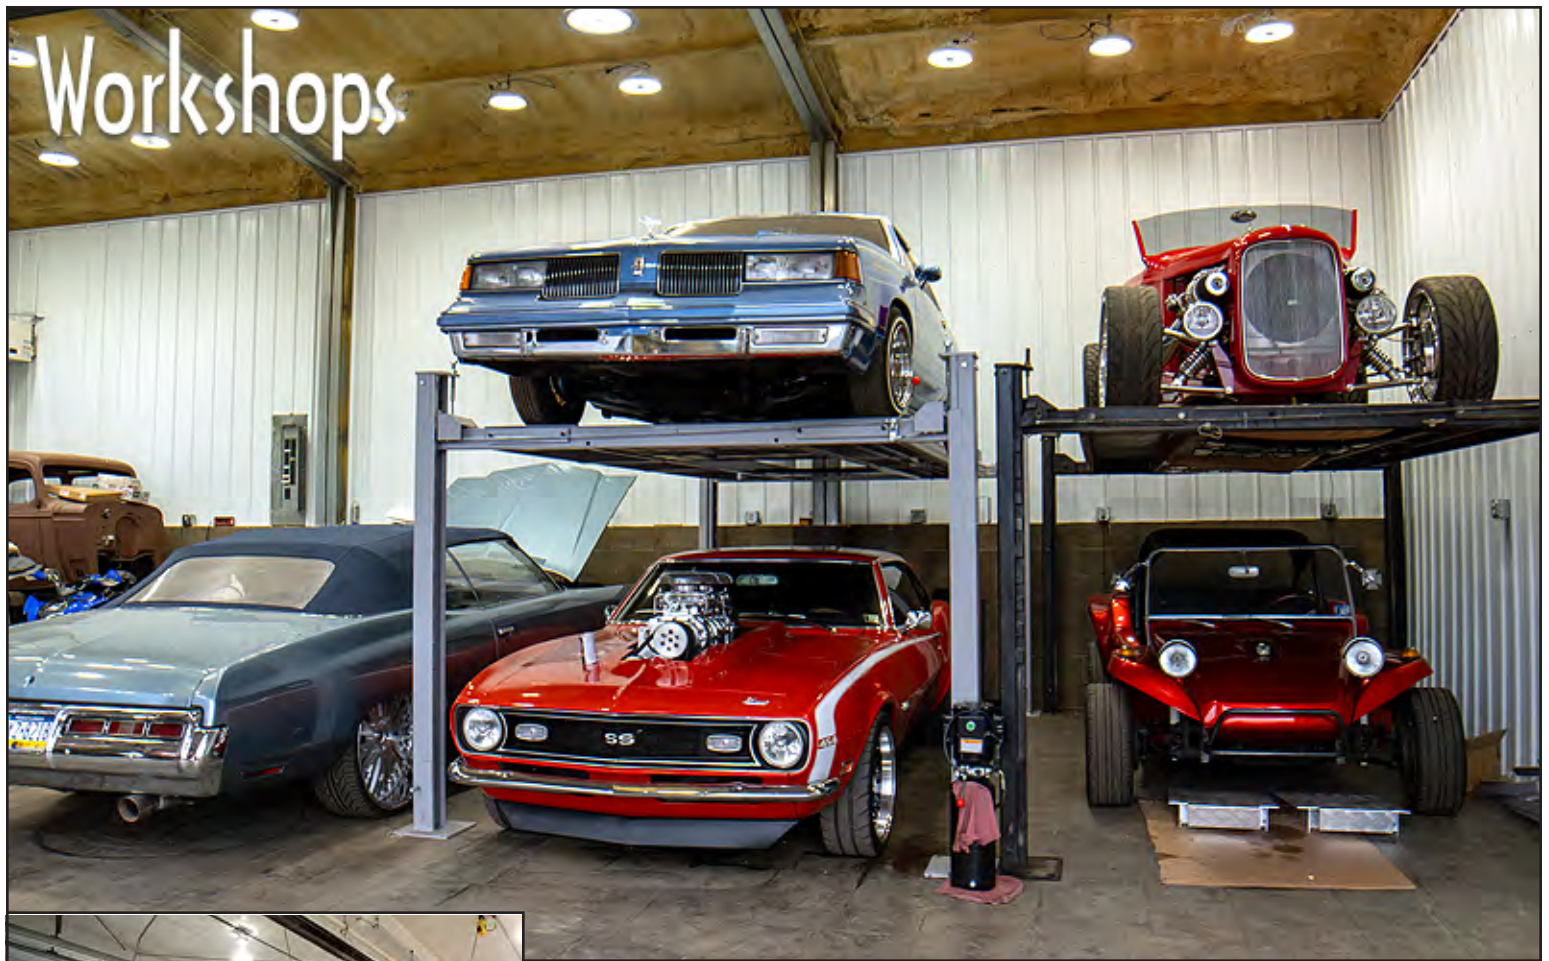

Our steel garages go up faster than traditional brick or wood frame garages. With a variety of vivid panel and trim colors, it's easy to match your home's exterior.

If you have always dreamed of having your own garage or backyard workshop, let us help you today.

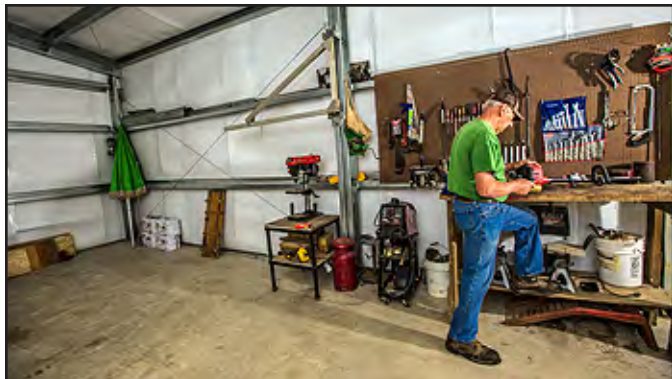

STRENGTH REDEFINED

If your home or business needs an extra space to work your search is over. Our steel workshops are customizable to suit the requirements of accommodating large machinery or tools essential for your work. These buildings erect fast, durable and last a lifetime.

The Factory

The factory's manufacturing facility is one of the most sophisticated in the steel building industry. The engineers, advanced computer technologies and precise machinery exemplify the commitment to quality.

Because the factory is automated using CNC technology, they are able to produce higher quality components in less time than competitors, which allows us to pass substantial savings to you.

Framing

Olympia's buildings come with a 40-year warranty on AZ55 Galvalume® roof panels, a lifetime warranty on long-life roof fasteners and the siliconized polyester colored coating on the walls and trim carries a 40-year warranty from the paint manufacturer.

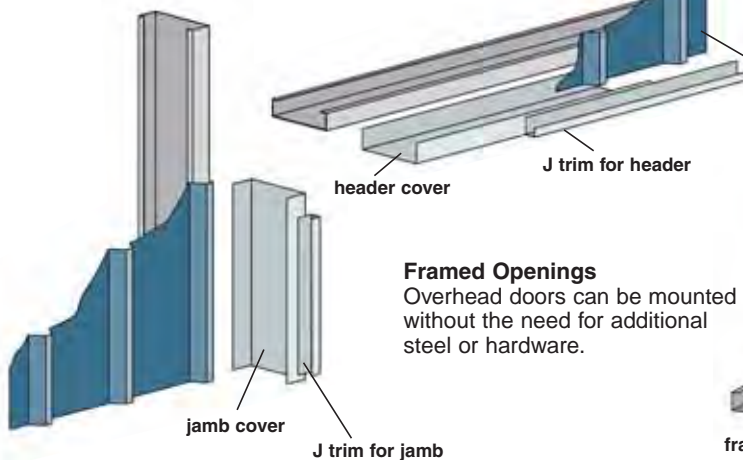

All metal buildings come standard with framing and extended leak-proof PBR roof panels.

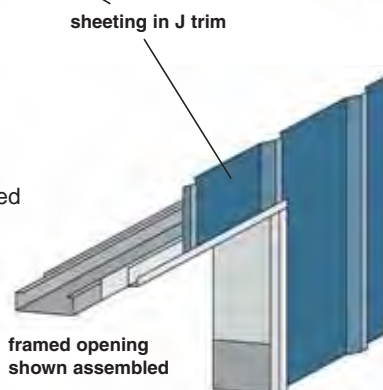

Corner Trim
1 1/4" deep rigid-rib design construction results in beauty and strength.

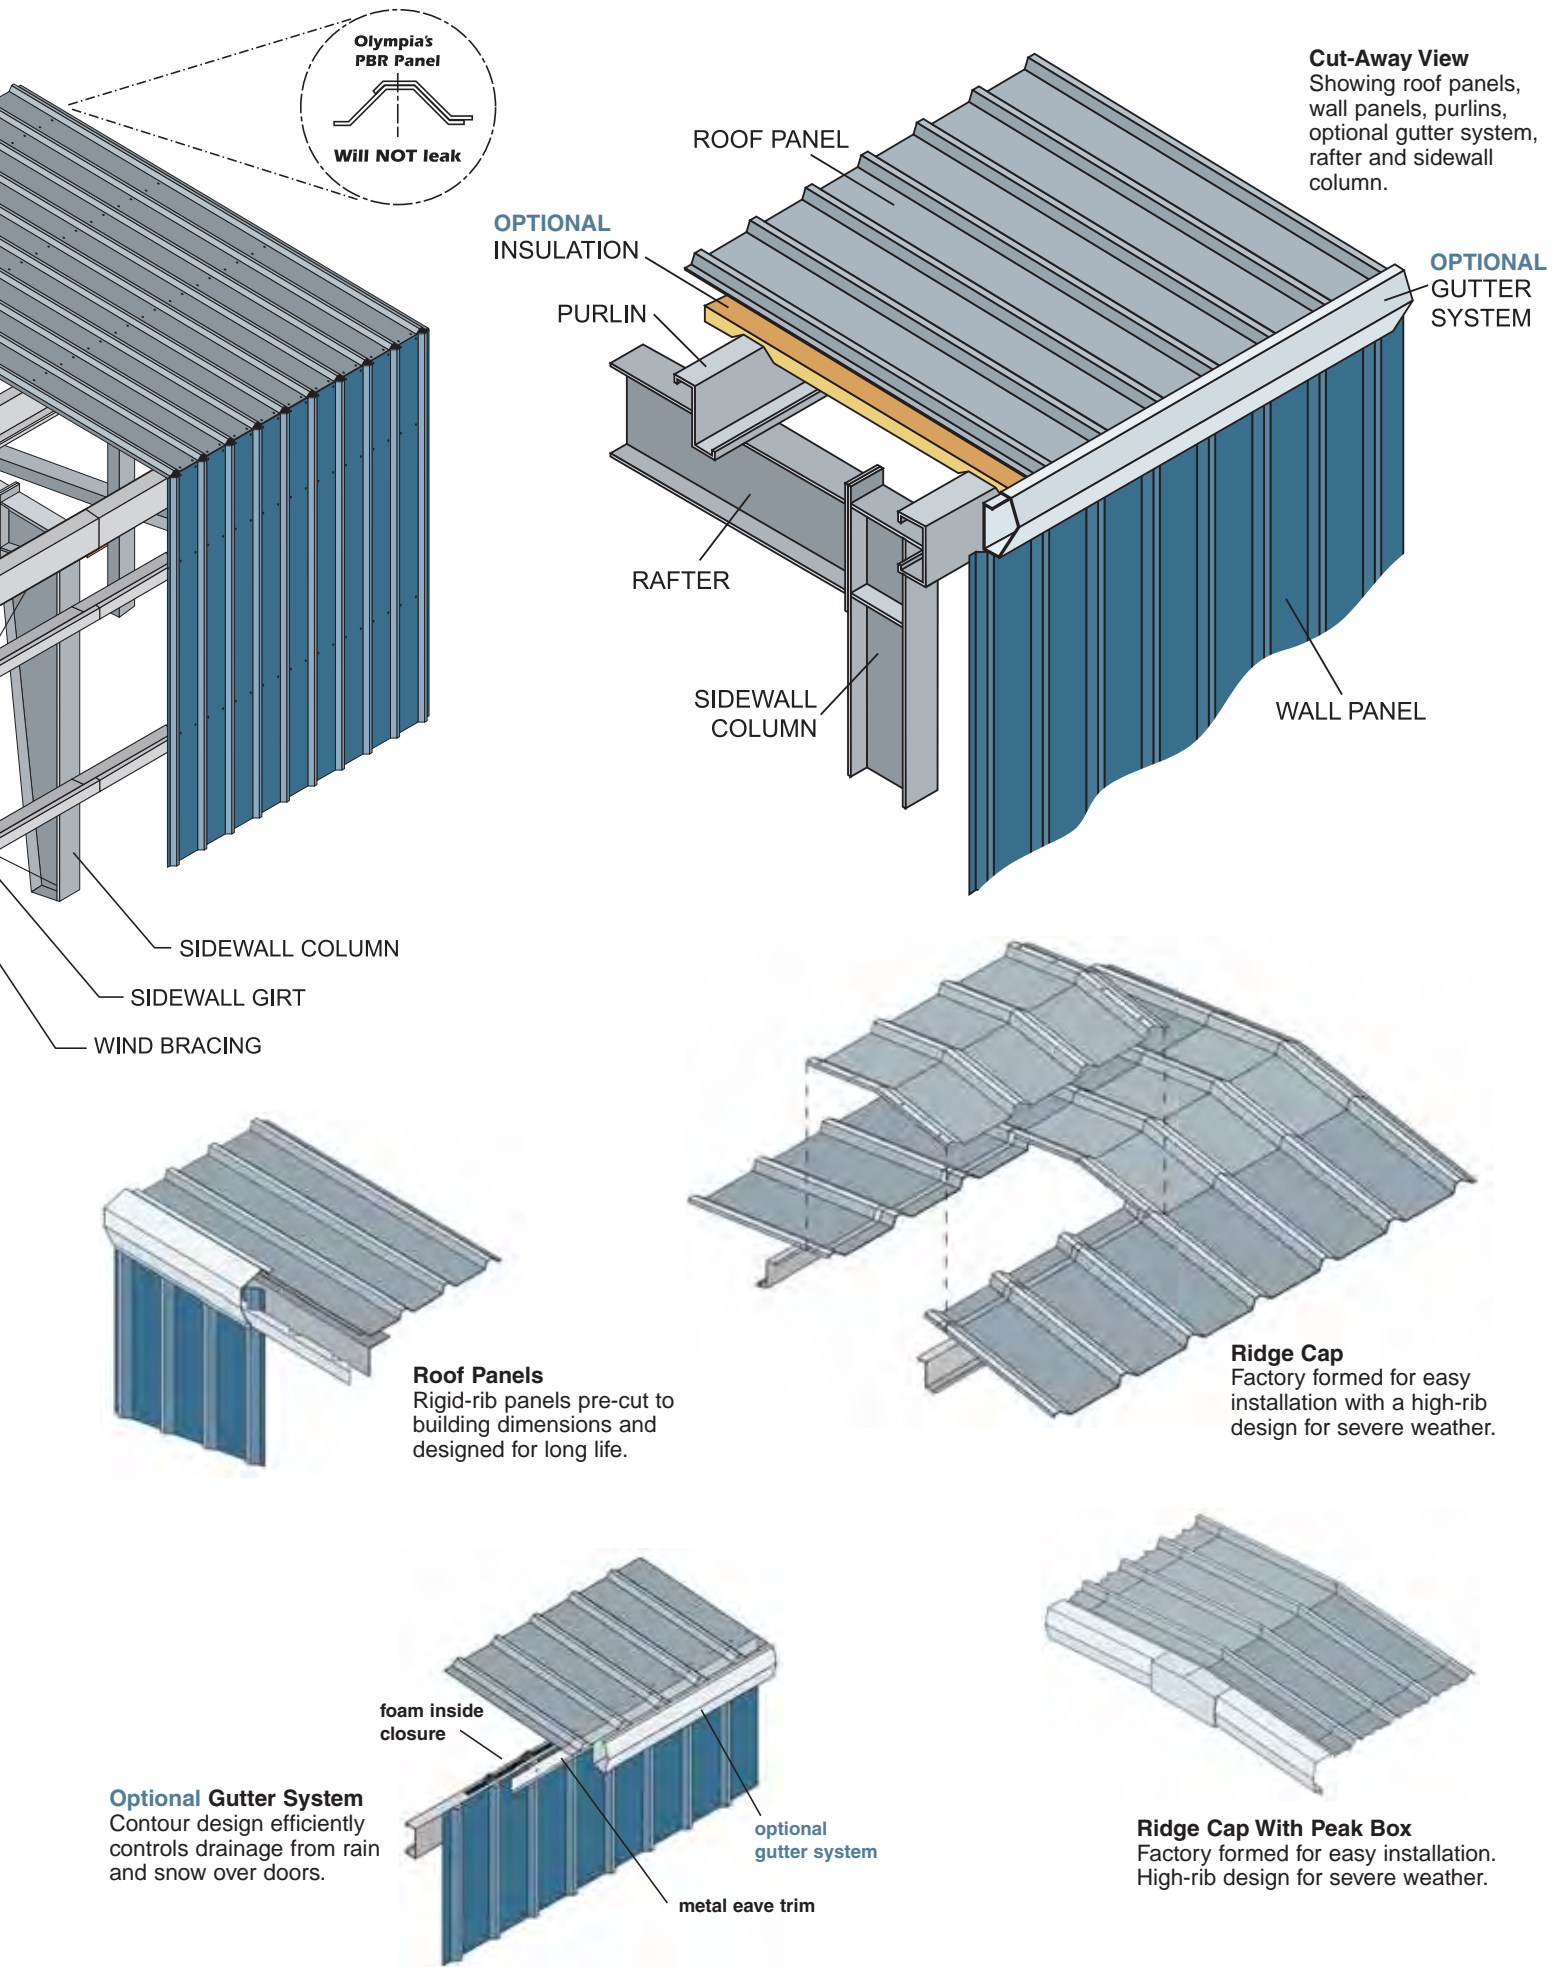

Base Trim
Provides maximum weather protection, an attractive finished appearance and long life due to the unique design of the trim and base angle.

Framed Openings
Overhead doors can be mounted without the need for additional steel or hardware.

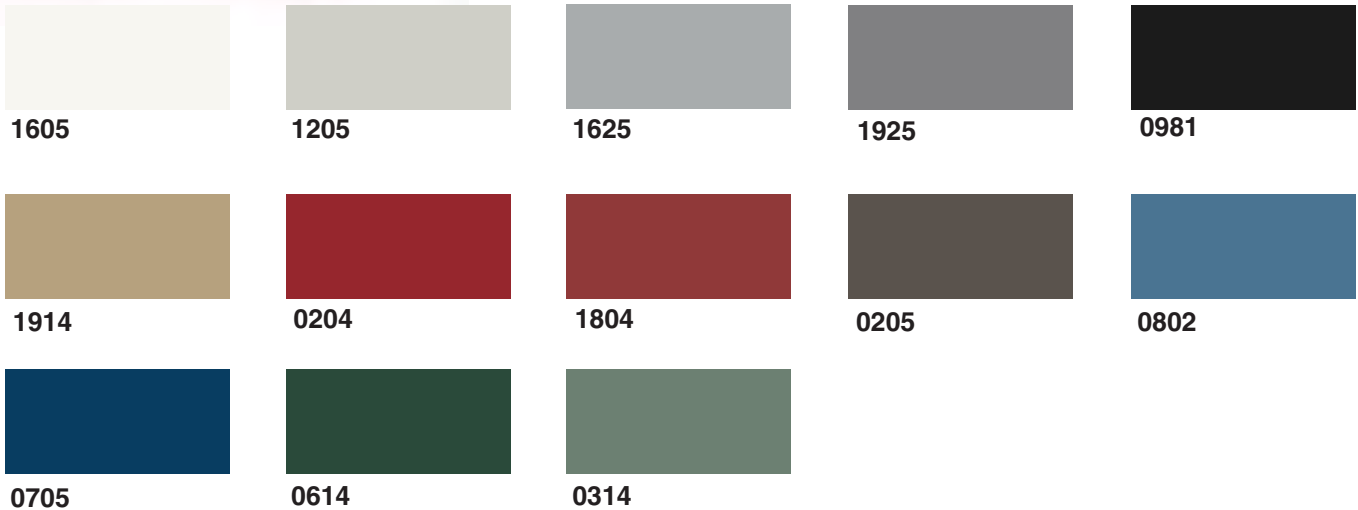

Every Olympia building comes standard with all items shown, unless noted as optional.

Panel Colors

Olympia buildings are precision coated with finishes and synthetic resins for industrial applications. Choose from 8 panel and trim colors*.

*Printed colors are matched as closely as possible. Printed colors are NOT intended for matching purposes.

Olympia Offers the Highest Standards in the Industry

• 40-Year Perforation Warranty

Olympia's roof coating is AZ55 Galvalume® and requires no maintenance or painting to retain its original luster. It is comprised of 55% aluminum, 44% zinc and 1% silicone with the greater aluminum content creating a higher resistance to rust. There is a 40-year rust-perforation warranty on the roof backed by the steel mills.

• 40-Year Warranty Paint Warranty

The paint manufacturer and Olympia offer a 40-year warranty on wall panel paint against chipping, cracking, peeling or blistering. The paint on the wall panel is siliconized polyester over a substrate-galvanized coating providing further protection against rust.

• 60-Year Structural Frame Warranty

There is a 60-year warranty on the main and secondary structural frames including girts and purlins, eave struts and base angles.

• Stainless Steel Lifetime Warranty

Engineered for rapid drilling, Olympia's self-drilling long-life lifetime capped roof fasteners are supplied with an assembled neoprene washer. The fasteners provide a watertight seal.

• Complete Trim Package

Olympia provides a complete trim package to enhance the beauty of the building. This package includes "J" trim to cover cut edges of wall panels around door openings, jamb covers for the jambs and a header cover for the header.

• Base Trim Package

Olympia's base trim package completely seals the bottom of the building against all leaks. The trim on the bottom of the building matches the trim on the rest of the building creating a beautiful structure and is included at no additional charge.
